

Website Build Service Note

EZ4YouTech.com LLC · Note # _____ · Effective date _____

How to use this form

1. Fill Customer name, check one tier, and choose a payment schedule.
2. Customer signs section A and returns this Note (scan or photo is fine).
3. Provider countersigns section B and returns the fully signed copy for both parties to keep.

This Website Build Service Note (“**Note**”) is between **EZ4YouTech.com LLC** (“Provider,” 10530 Helen Dr., Frisco, TX 75035, USA; connect@ez4youtech.com; (469) 422-4314) and:

Customer legal name: _____

The Live Build Flyer is marketing only. **This Note is the agreement for the website job.** It is separate from the Secure AI Platform Terms, Master Service Agreement, and BizRescue Kits.

1. Tier and price

Check one:

	Tier	Price	Included scope (summary)
☐	Starter	\$399	Up to 5 pages; one theme; mobile responsive; basic SEO setup; live call included*
☐	Standard (most popular)	\$799	Up to 10 pages; multilingual; dark and light themes; site analytics; live call on request**
☐	Elite	\$1,499	Smart assistant; social integrations; reCAPTCHA on forms; security headers; live call on request**

Total fee for selected tier: \$ _____ Domain / cloud setup (\$100 if requested): ☐ Yes ☐ No Amount \$ _____

* Starter live call is about 4 to 5 hours when words, pictures, and site access are ready.

** On Standard and Elite, the live call is on request.

2. What is not included

- E-commerce, payment gateways, DocuSign, CRM connectors, booking or calendar sync, and custom API work are quoted separately.
- A new domain and cloud space setup fee is **\$100**, billed apart from the tier price when Customer asks Provider to set those up.
- Ongoing hosting, domain renewals, content writing, photography, and paid ads are Customer’s cost unless written otherwise.
- No search ranking promise. “Basic SEO setup” means technical readiness (titles, meta, mobile), not a Google position guarantee.
- Accessibility-minded markup only. Not an ADA or WCAG certification.

3. Revisions

Tier	Included rounds	Window after first draft	Extra round
Starter	1	7 days	\$75
Standard	2	14 days	\$75
Elite	3	21 days	\$100

One revision round means one written batch of change requests. New pages or new features are not revisions; they need a new quote.

4. Content and site access

- Customer supplies words, photos, logos, and video, and warrants Customer has the right to use them.
- **Preferred access:** Customer shares site or domain login **on the live call** (spoken or typed while both parties are present). Do not email or chat passwords unless Customer insists.
- Provider may keep temporary login notes only while the job is open. **Those credentials are deleted when the job is marked complete.** Customer should change passwords after handoff when able.
- This signed Note is kept for records. Credential notes are not.

5. Ownership

Customer owns Customer's content and the finished site files delivered for Customer's domain. Provider keeps Provider's templates, methods, tools, and reusable code. Domain registration: who owns the registrar account is stated at setup (default: Customer).

6. Payment

- Accepted (preferred order): **ACH, Stripe, Zelle** to the business account named on the invoice, or **check** payable to **EZ4YouTech.com LLC**.
- Optional if Customer cannot use the methods above: PayPal Goods & Services (fees may apply).
- **No cash.**
- Checks must clear before the live build starts unless Provider agrees in writing.

Payment schedule (check one):

☐ 100% before the live call ☐ 50% to start, 50% before go-live ☐ Other: _____

7. Done and handoff

The job is complete when Provider delivers the agreed pages on Customer's domain (or staging URL if go-live waits on Customer) and sends handoff notes. Provider then deletes temporary credentials. Support after handoff is limited to defect fixes within fourteen (14) days for material failure to match this Note; new requests are a new quote.

8. Liability

To the maximum extent permitted by law, Provider's total liability under this Note is limited to fees Customer paid Provider for this website job. Provider is not liable for lost profits, lost leads, search rankings, or third-party hosting outages.

9. Agreement

Texas law governs. Venue: Texas courts. By signing, each party agrees to this Note.

A. Customer signs first

I am authorized to bind the Customer named above. I agree to the selected tier, fees, and terms in this Note.
